# What is GoAffPro?

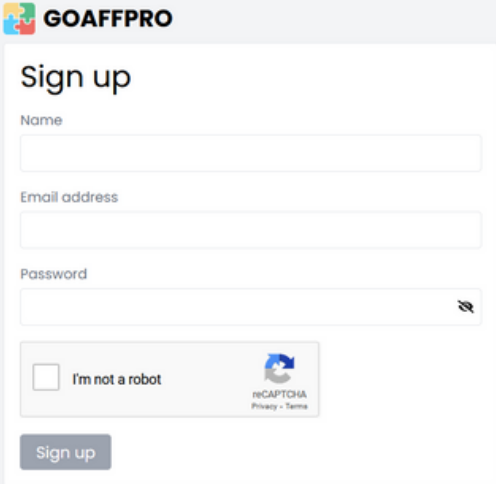

GoAffPro is a complete affiliate and influencer marketing solution for ecommerce stores. With GoAffPro, merchants can build an affiliate program for their stores. It lets them recruit affiliates who will refer sales to their store. In addition to getting more sales for their store, it also increases their brand's visibility and popularity.

For affiliates, GoAffPro offers a marketplace with over 50,000+ merchant programs that they can join. You can refer customers to the merchant's store and will earn commissions when they make a purchase. Additionally, you get to manage all the programs that are registered in, from a single dashboard.

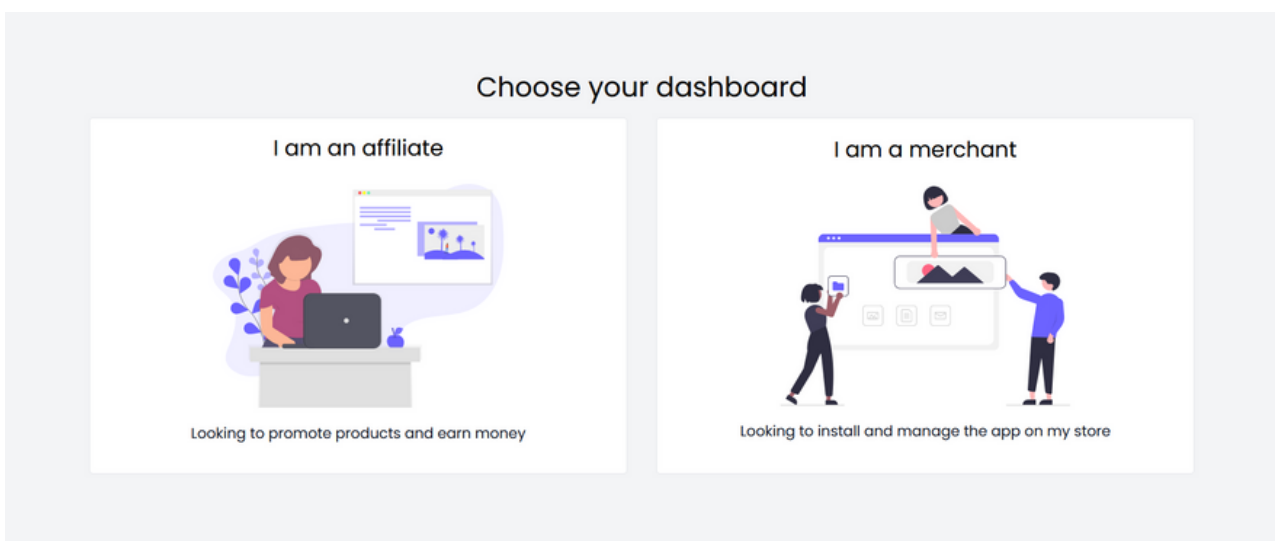

# GETTING STARTED

- To sign up as an affiliate in the GoAffPro marketplace, go to the [signup](#) page.
- Here, enter your name and email address. After that, set your account password and click on Sign up.

The screenshot shows the GoAffPro sign-up form. At the top left is the GoAffPro logo. The form is titled "Sign up" and contains the following fields: "Name", "Email address", and "Password". Below the password field is a checkbox labeled "I'm not a robot" and a reCAPTCHA logo. A "Sign up" button is located at the bottom of the form. Below the form, there is a link that says "Already have an account? [Login](#)".

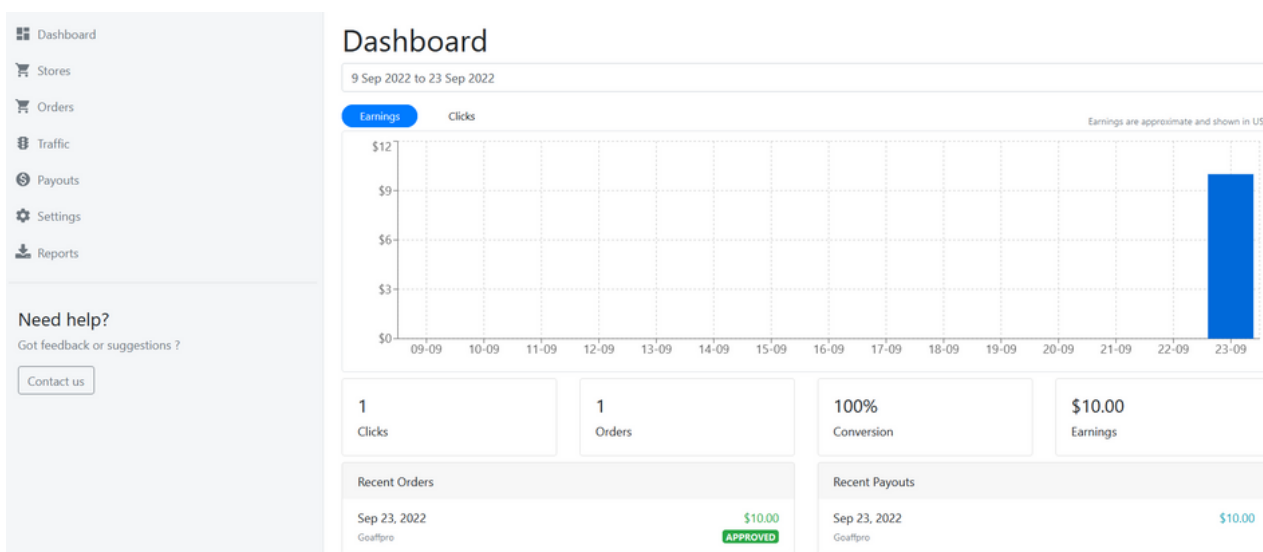

- After this, select the "I am an affiliate" option, which will direct you to the affiliate dashboard.

# Dashboard tab

The dashboard tab will showcase your referral statistics, such as earnings and clicks.

It will display the number of clicks, orders, conversion percentage, and earnings. Additionally, it will showcase the recently referred sales and payouts.

From here, you can navigate to the other tabs of the dashboard.
